Background

Estate Contractors Co. Limited is a Limited Liability Company, registered under Tanzania Company Act 2002 and acquired its incorporation with BRELA in the year 2023.

The company awarded a certificate of registration number 165-967-267 Civil Engineering services is an enormous field covering planning, designing and construction of infrastructure such as commercial and residential buildings; transportation infrastructure, environmental infrastructure, construction management etc. The central purpose of establishment of this company is to deal on the provision of civil engineering works and all the associated assignments. It also deals on the Supply of Building Materials for Constructions.

Estate Contractors Co. Limited is performing its engineering assignments under the Contractors Registration Board- CRB registration Number C2/159/09/2024 & B4/770/08/2023. VAT The Company is a registered number 40-021455-Z and TIN 165-967-267. The Company has been in operation since 2018, using its competent engineers and other staffs has recorded remarkable achievement on budget and time constraints on its assignment.

Estate Contractors Co. Limited is proud of having Engineers and other professional management staff that have experience on planning, designing, architectural and construction services. The Company has over 50 personnel to attend the esteemed clients. The structure of management on the implementation starts at the top position; contractor managers followed down to project directors and then the foremen position and the down-line position are the field laborers.

Mission

To deliver quality engineering works and products meeting prevailing standards.

Vision

To become one of the leading construction companies within and outside borders of Tanzania..

Our Goals

Our goal is to become the most reputable construction services support partner in East Africa known for its best solutions, timely and professional services.

Corporate Values

Professionalism, Competence, Integrity, Standards, Timely delivery, Customer based and Reliability.

01 Quality Control

ESTATE CONTRACTORS Co. LIMITED Quality Control Unit has taken an innovative approach to quality management, where services are provided on an integrated basis across two functional areas: the Engineering group and the Technical group.

02 Growth Strategies

ESTATE CONTRACTORS Co. LIMITED is advancing rapidly with all basics and criteria that grant capacity of company in terms of human resource and; tools & instruments suffice. We are keen to short courses and seminars (workshops) offered by an esteemed organ in construction industry, Contractors Registration Board (CRB) which in turn increases the scope of managing contracts and related matters to construction industry.

03 Market Opportunity

The company has established itself on both private owners and institutional projects where it has built strong reliability, resulting from extremity of quality offered. It is well established in Dodoma and Dar es Salaam and it has dynamic team that enable to control distant projects at a time. The company also plan to explore the cooperate market and to increase its contribution to the company turnover from 25% to 55% in the year 2025.

The company major competitors are medium construction firms operating in Dar es Salaam city. **ESTATE CONTRACTORS Co. LIMITED** believes that the best way to market construction work is enhancing the quality of the project and the reliability of the company to its customers.

04 Competitive Advantage

ESTATE CONTRACTORS Co. LIMITED has talented and skilled engineers, other professional and experienced staff who are highly dedicated on the provision of quality services. The Company offices are easily accessible. The well organized and good management team gives the company advantage of timely service delivery and outstanding customer service. The Company also focuses on Quality standards and Reliable services to its esteemed clients. The available modern facilities, machines and trucks make **ESTATE CONTRACTORS Co. LIMITED** to be your best business partner on engineering services.

05 Health and Safety

We have positive attitude towards health and safety as we do towards quality control. We believe safe and tidy-working conditions will help us to produce quality workmanship and minimize complaints, hence our commitment to the company's health and safety programme.

Every Engineer carries a health and safety manual detailing the company's breakdown procedures and safe working procedures covering all risks the Engineers are likely to encounter. The manual is updated as soon as new information becomes available.

"We place safety at our heart in all of our daily activities to ensure we build a better world for everyone"

- Water Supply and Pipe laying
- Concrete pavements
- Civil works associated with telecommunication (transmission) towers

Building Works

- Residential apartments
- Commercial Buildings
- Hotels, Apartments and Resorts
- Basement building
- Landscaping
- Renovation of Buildings & Conservation

Consultancy Service

- Building Permit consultancy
- Drawing and Designing
- Construction Estimates
- Civil Engineering consultancy
- Quantity Surveying consultancy
- Architectural consultancy

Renewable Energy and Energy Efficiency

- Solar power specialists in design, installation, repairs and maintenance. Low energy lighting (LED)
- Energy storage solutions (ESS)
 - Installation of Solar Power to Telecommunication Sites

Electrical Works

- General maintenance for Diesel and Petrol Generator
- Construction of power transmission line up to 400kv
- Professional electrical installations
- Full building electrical fit-outs
- Electrical maintenance and remedial repairs
- Heating, ventilation and air conditioning (HVAC) Electrical Safety Compliance
- Electrical repair works
- Installation of Power Transformer
- Motor and Ac alternator rewinding
- Elevator installation
- High voltage substation which includes design, commission and project management 33kv to 220kv
- Conversion of system to use programable logic controller and automation
- Power system concertation
- Distribution board design and installation
- General and periodic electrical inspections
- Fire alarm systems
- Emergency lighting

Mechanical Works

HVAC INSTALLATION AND DUCTING SYSTEMS

- Boiler installations, upgrade and servicing
- VRF/ VRV systems
- Comms room air conditioning
- Chiller
- Ventilation system

PLUMBING WORKS

- Biodigester works/Full sanitary ware packages
- Sewage system works and treatment
- water filtration system
- irrigation system
- Rain water harvesting systems

PIPING AND FITTING WORK

- Commercial and industrial mechanical fit out
- Office fit out
- Complete natural gas installations
- Piping works
- Welding and Fabrication works

FIRE FIGHTING AND FIRE ALARM

- Installation and modification
- Programming, Testing and commissioning
- Emergency and Exit Light System
- Fire suppression System

Mechanical Works

ENGINE OVERHAUL AND INJECTOR PUMP SERVICE

- Supply of engine overhaul and Injector pump parts
- Service of Engine and Injector pump

Counter tops

Many cultures consider the Kitchen to be the “Heart of the Home”. Improve the look of the kitchen by replacing the counter-tops! Not only do new countertops instantly increase the beauty and efficiency of your kitchen, but they also increase your home value.

Our Services

Custom Cabinet

We're Innovative, of Tanzania designs and builds beautiful custom cabinetry to fit any space and storage needs. Our locally owned cabinet shop will build your custom cabinets and built-ins from designs we do specifically for you!

Using our state-of-the-art software and woodshop integration, you will see in full PhotoVision 3-D, exactly what your new cabinetry will look like in its setting.

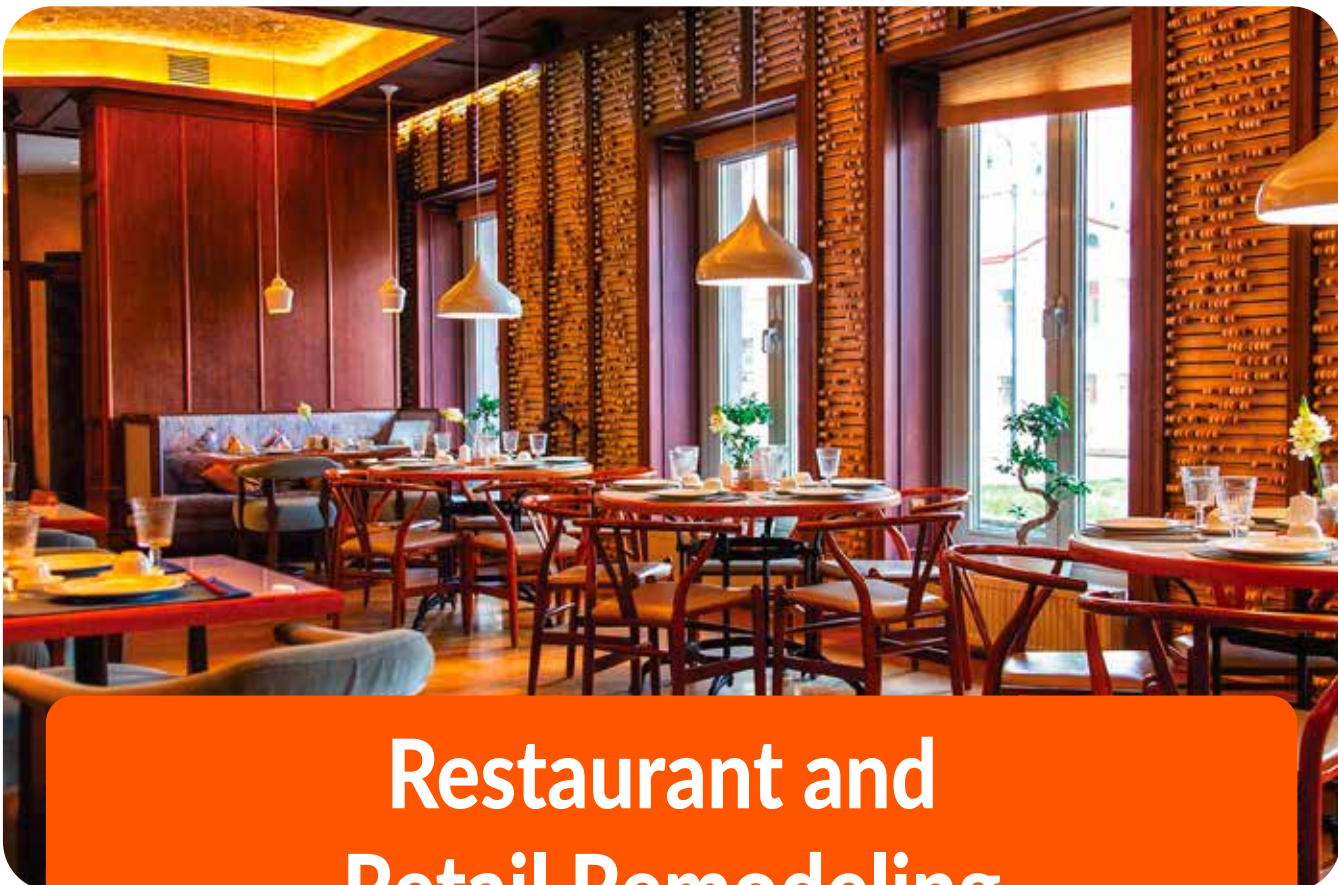

We carefully listen to your needs, design and discuss all aspects of the cabinetry (and remodeling work!), and then proceed promptly with building everything to your custom-designed specifications. We employ the highest skilled craftsmen in the business, and our lead time to delivery is unsurpassed.

From simple to sublime, we will grace your home or business with amazing, beautiful premium quality custom cabinets!

Commercial and Public Projects

Our company expertise has accomplished many construction projects and large commercial and public-based assignments. Among the projects successfully conducted are the Ministry of Work, Ministry of Water, DAWASCO Upper and Low Ruvu water projects, Sewage system at Dodoma Municipal, and TANROADS projects in different regions. No matter the size commercial or industrial project, **ESTATE CONTRACTORS Co. LIMITED** commits full-time and resources to ensure the highest satisfaction from the client.

Restaurant and Retail Remodeling

We understand the individual needs of retail and restaurant owners. We will design your space with you, or work with your existing plans to custom build your exciting new retail or restaurant building!

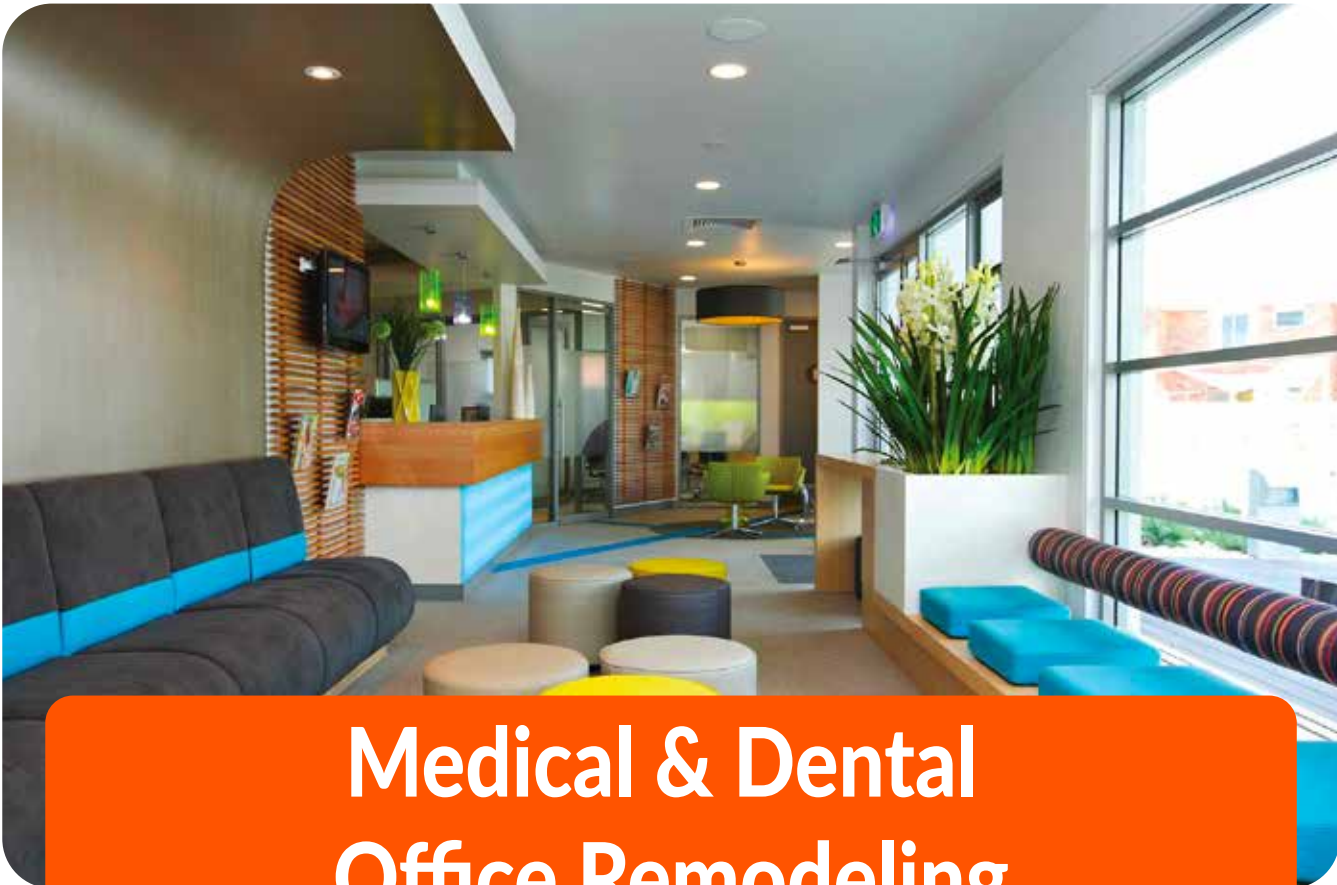

Our highly experienced design and construction team will also assist you with developing a new look for a restaurant or retail building. We design, upgrade and renovate existing buildings, and build effective new workspaces for growing companies.

Critical deadline? Can't close for construction? We also specialize in emergency damage repair and are super fast, no close schedules! We are always ready to assist with urgent repairs and reconfigurations. We build from the ground up or up-fit commercial space for restaurant and retail use.

**Office Building
Tenant Improvements**

We're Innovative, a Tanzanian General Contractor, will carry out a project from start to finish, providing turn-key service and offering complete peace of mind. When it comes time to improve your retail or office space, We're Innovative can help you every step of the way, from designing the space to providing the construction. Our custom and creative construction solutions span a variety of commercial needs, from large office spaces to restaurants, medical offices, banks, and more.

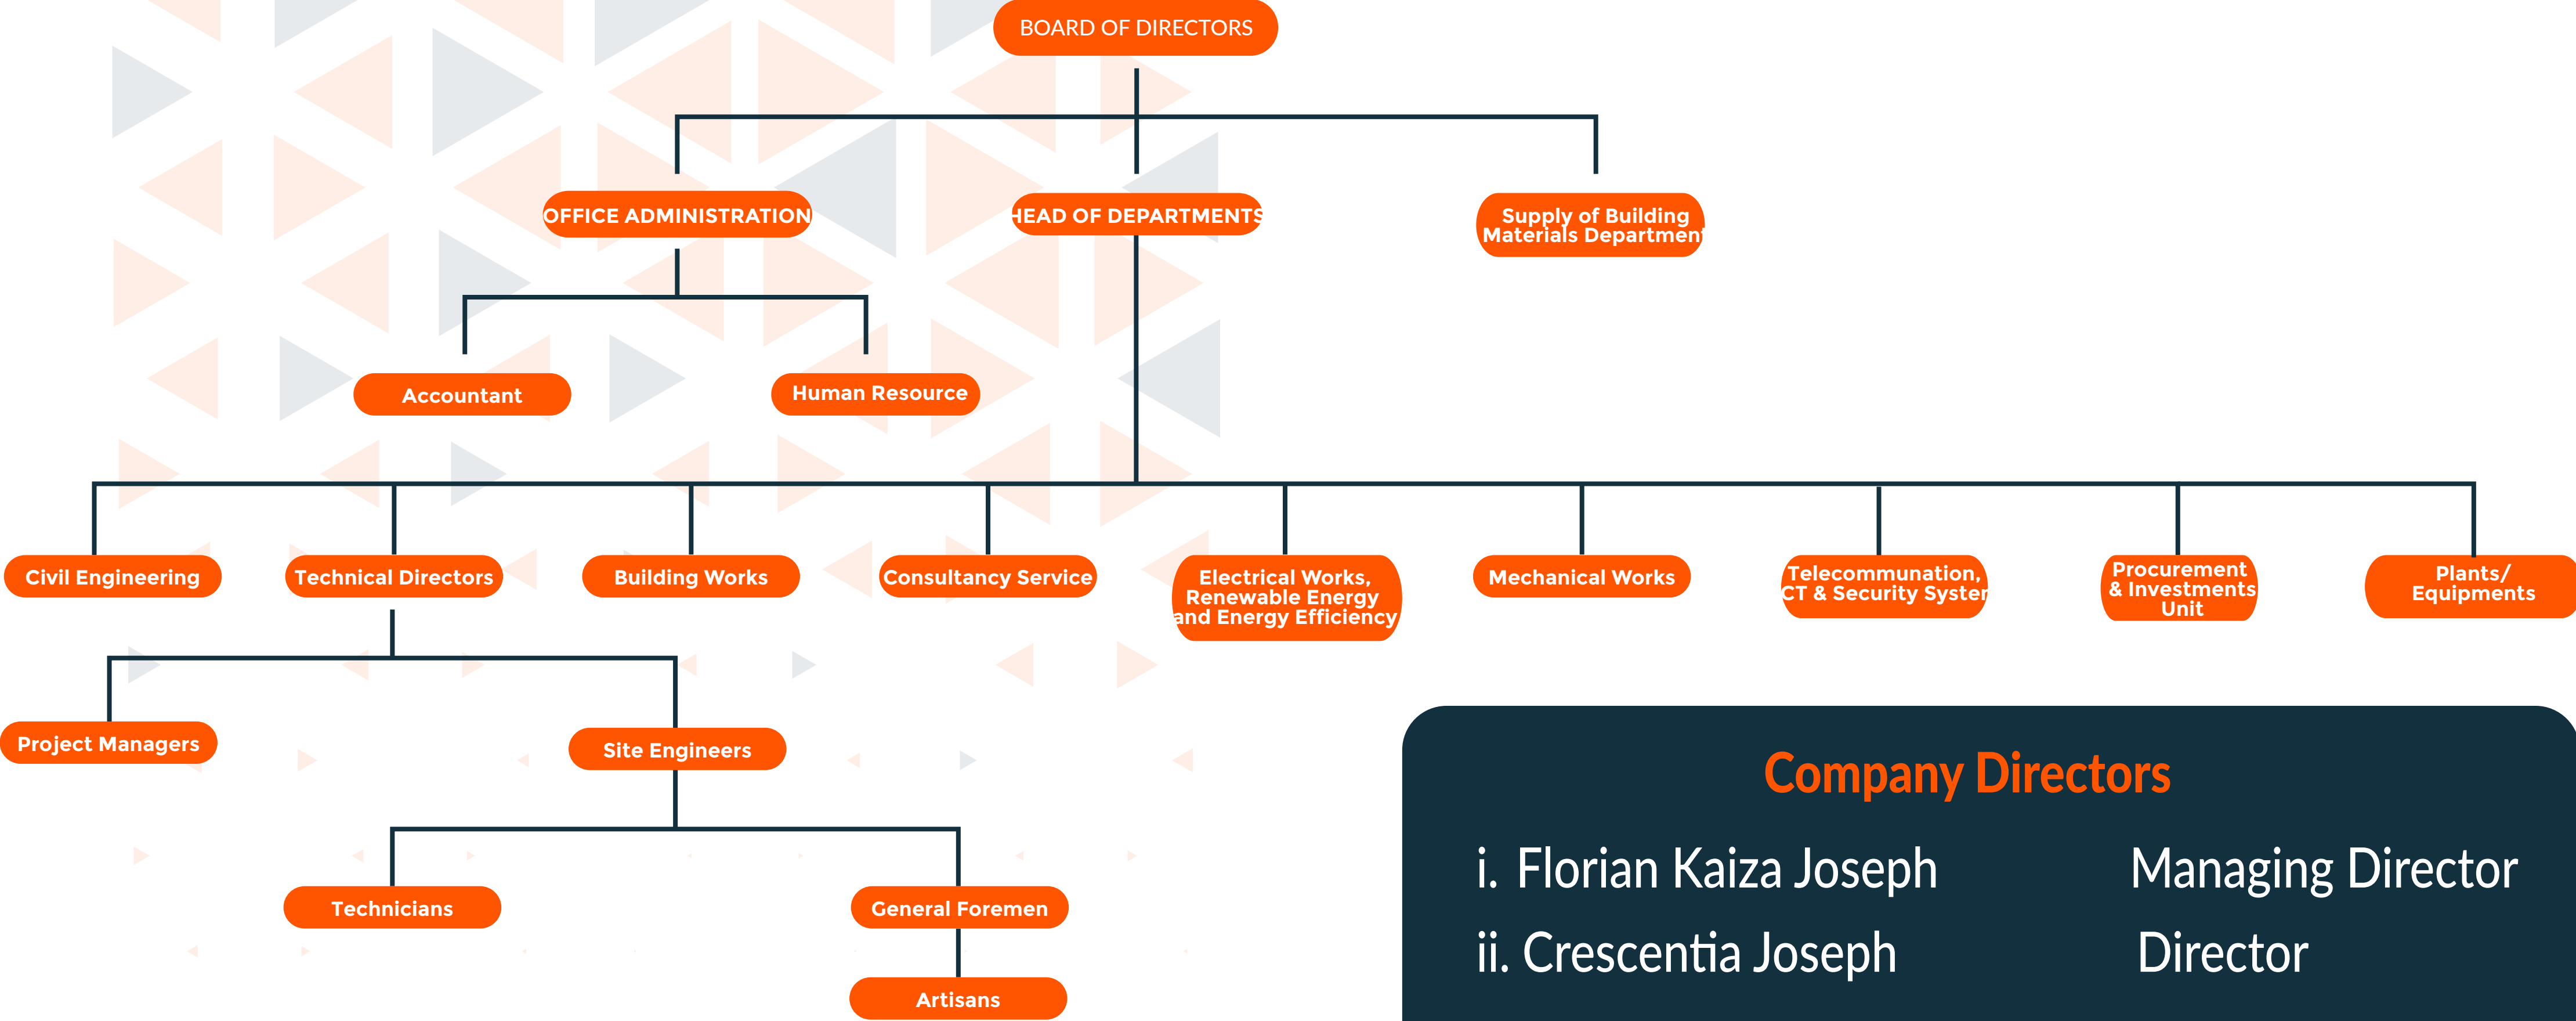

**Medical & Dental
Office Remodeling**

We're Innovative General Contractors, of Tanzania, offer Medical and Dental office Tenant Improvements. We specialize in custom cabinetry and storage, sinks and countertops, workstations, waiting rooms, and even custom solutions specific to the medical industry's needs.
